Choose the experience

- Reiki Reset — a brief, seated individual relaxation experience
- Guided Group Reset — grounding, breathwork, or a quiet guided pause
- Express Facial Refresh — offered only where venue, sanitation, and licensing requirements are met
- Hand Renewal Ritual — a cosmetic, non-medical self-care experience

How capacity works

Guest counts are planning ranges based on brief rotations. Final capacity depends on the selected services, transition time, breaks, venue setup, and event flow. A larger audience may require added practitioners or a different format.

Custom quote items

Additional appropriately licensed practitioners, larger or multi-location groups, specialized equipment, extended travel, parking or venue fees, early setup, custom branded materials, and service requests outside the listed experience menu are quoted separately.
